

Accessory:

1. USB cable: 50 cm

Installation:

(Fig. 1)

1. Open rubber pads and set up bottom supports (if desired). (see Fig. 1)

(Fig. 2)

2. Place your notebook on top of the LapCool 2 so that it is stable. (see Fig. 2)

(Fig. 3)

3. Connect the USB cable between the LapCool 2 and your laptop. (see Fig. 3)

(Fig. 4)

4. Switch on the notebook cooler and adjust the fan to desired speed. (see Fig. 4)

(Fig. 5)

5. When not in use, the USB cable is stored in the bottom compartment. (see Fig 5)

Notes:

1. When not in use, please restore the rubber pads and bottom supports to their hidden positions.
